Grows Large Tomatoes

Becky Johnson, daughter of Mr. and Mrs. J. P. Johnson, Jr. of Route 2, Appomattox, is shown above holding two tomatoes grown in family garden. One of the tomatoes weighs two pounds and the other is actually two tomatoes growing together.

Home Health Care

Most patients with long-term illness are cared for at home. Some who are in general hospitals, chronic disease facilities, or nursing homes, could be at home if public health nursing care or a comprehensive home care program were available.

A comprehensive program is characterized by a centrally administered team approach which provides for coordinated planning, evaluation, and follow up involving physician-directed medical, nursing, physical therapy, social service, homemaker, and other services. Some home care programs also provide services of other health professionals such as nutritionists, dentists, and speech therapists.

Home health services should be available to everybody regardless of economic status. Fees or partial fees should be paid by recipients of service or by third parties, such as welfare or prepaid hospital insurance.

Home nursing care programs may be accredited by the National League for Nursing. To participate in the Medicare program, the program must be certified by a state agency, usually the department of

Torrence Reunion Set For Sunday

The annual Torrence family reunion will be held Sun., Aug. 19, at the WOW Building for members of this family and their guests. A picnic basket lunch will be served at 1 p.m.

"Build Va. College Day" Set For Sept. 9

LYNCHBURG- Dr. M. C. Southerland, President of The Virginia College, formerly Virginia Seminary and College, of Lynchburg announted that Sept. 9 will be designated as "Build Virginia College Day" throughout Virginia. Churches across the State will be asked to participate in a Special Fund Raising Activity to support the College in its drive to build new dormitory facilities on its Lynchburg Campus. Dr. Southerland pointed out that the College is engaged in an intensive 60-day Fund Raising Drive to raise $100,000 with support from several local and state leaders; Dr. Southerland sees this as one of the most successful in the history of the College. All segments of the population, locally, in the State and across the nation, will be asked to participate in this special effort. Dr. Southerland says, "we look forward to 100 per cent participation on Sept. 9 and our special 'Build Virginia College Day' activity." For additional information, interested persons may contact Dr. M. C. Southerland at The Virginia College, Lynchburg.

Council Supports Expansion of Park

Cont. from Page 1

Virginia Planning District Commission, Lynchburg. Signing the half time agreement for the County of Appomattox was Otho W. Martin, Chairman of the Board of Supervisors. Others from here attending the official signing ceremonies were W. S. Slagle, Town Manager; Sheriff J. E. Richardson; E. W. Carson and John Cole.

Cloverhill Manufacturing Company had asked to be allowed to take options on all the lots in Promise Land Subdivision. After consideration council voted to let them negotiate for lots as needed rather than give an option on all lots. Cloverhill has already constructed three houses in the subdivision and has option on one other lot at this time.

Ranson Electric Company advised the Town of Appomattox that the fire alarm needed to be replaced. Mr. Slagle had previously gotten approval from the Board of Supervisors to pay one-half of the cost for the new alarm and council members voted to have a new fire alarm installed and the town would pay the remaining one-half cost.

Supervisors Delay Action On Park Expansion

Cont. from Page 1

and were in favor of its expansion but members felt that in view of the fact that Congress is presently in recess they had ample time to review the situation more closely and study plans in more detail with the National Park Service to see just what could be expected.

While the Appomattox County Board of Supervisors agreed that the park is an irretrevable part of history and should be preserved as such, they did not feel that they should in the interest of fairness to their constituents take a position at this time with regard to this bill without input from the Appomattox Town Council, the Appomattox County Planning Commission and the taxpayers of Appomattox County.

It should be pointed out that recognizing the need to preserve this area, the Appomattox County Planning Commission has completed the initial draft of a County Zoning Ordinance which has defined two historical areas around the park. At this particular point in time the board did not fully understand the true extent nor implications of this bill as it relates to our county zoning efforts nor to our comprehensive planning efforts.

Board members took no official action with regard to this matter at their meeting on Friday, Aug. 10th, but a statement of position will be forthcoming from the Appomattox County Board of Supervisors at a later date.

To clarify one other item in this same story printed in THE NEWS on Sunday, Flick referred to the new Thomasville Furniture Industries plant being built in Appomattox as a plan "which reportedly will build plastic picture frames". Thomasville, one of the nation's largest furniture manufacturers, will manufacture bed-

Of Interest To Veterans

Information on how to get GI education allowance checks sooner is being mailed to prospective students by the Veterans Administration.

Last November, the VA started paying education allowances before rather than after each month's training.

The Roanoke VA Regional Office pointed out recently that this was one of two provisions of Public Law 92-540 (Oct. 1972). Starting August 1 advance payments covering the first month or portion of month of training, plus the succeeding month, can be made in some cases. VA said more than two million veterans are expected to train under the GI Bill in Fiscal Year 1974, and the two new payment systems will make funds available to trainees during early weeks of training. Advance payments are available to persons who plan to enroll in institutions on at least a one-half time basis. Servicemen will receive lump sum advance payments for the entire term, quarter, or semester.

The law excludes persons who plan to take especially lengthy courses, flight training, homebound training, or independent instructor courses. These are not eligible for advance payments, VA pointed out.

Current trainees who apply for advance payments must first notify schools that they plan to reenroll in the fall. After schools complete and forward reenrollment certificates to VA, the agency will mail checks to schools. Checks will be delivered to trainees at time of registration, but not earlier than 30 days before beginning of renrollment periods.

VA also explained that when an eligible person planning to enter training for the first time applies for advance payment, he should notify VA that he has been accepted by a school. The same procedure should be followed by trainees who plan to change schools.

Mrs. Otho W. Martin, Sr.

Will Celebrate 90th Birthday

The children of Mrs. Otho W. Martin, Sr. will celebrate her 90th birthday Sunday, Aug. 26, 1973 at her home at "Oakville", with open house from 3 o'clock till 6 o'clock p.m.

All friends and relatives are invited.

No gifts requested.

Daniel Presented Award

Washington -- The world's largest business organization has presented Congressman W. C. Daniel its highly coveted Guardian of Small Business award for his "outstanding voting record" in Congress in 1972.

Frederick L. Williford, Director of Government Affairs of the National Federation of Independent Business, who made the special presentation in recent ceremonies in Washington, hailed Representative Daniel's stand on behalf of small independent business.

"Congressman Daniel, "Williford said, "has exhibited a keen interest in the continuing vital role the independent business community contributes to America's economy and the Nation's well being. This award is made in recognition of the Congressman's outstanding record."

Congressman Daniel was presented a handsome engraved trophy, mounted on a polished, solid walnut base.

NPIB, with almost 350,000 member firms nationwide, has more than 392 member firms in Rep. Daniel's Congressional District, which provide jobs for some 4,000 people and contributes in excess of $90 million to the prosperity of the District.

News To Veterans

Any damage to service records in the July 12 fire at the military records center in St. Louis will have no impact on the 13 million veterans and dependents receiving Veterans Administration benefits.

This assurance was given today by the Roanoke VA Regional Office. VA records for those receiving benefits are maintained mostly at the agency's 57 regional offices, 169 hospitals and two insurance centers.

VA operates its own records processing center in St. Louis, about 10 miles from the fire-damaged military records unit. The center serves as a repository for records of older veterans and beneficiaries no longer receiving VA payments or benefits.

The VA also maintains other backup files containing essential, though not complete, military service information. These would prove helpful in processing new applications for benefits from veterans whose military records might have been destroyed in the St. Louis fire.

Since 1968 the VA Data Processing Center at Austin, Texas, has kept computer master records on some 3 million Vietnam-era vererans discharged since that date. Computerized master index records are also maintained by the VA in Washington on more than 32 million veterans, living and dead.

These backup records contain information on dates and branch of service, character of discharge and other information necessary for VA to adjudicate claims for such benefits ad GI Bill training, GI loans, VA pensions and VA medical and hospital care.

Veterans primarily affected would be those applying in the future for VA service-connected disability compensation whose military medical records may have been destroyed in the St. Louis fire.

Even if these medical records are not duplicated elsewhere in the military system, VA would have an alternative way of developing the veteran's claim. VA would already know if the veteran had basic eligibility as far as period of service and character of discharge is concerned.

For additional information, VA could check the veteran for record copies or data he might have kept, could request

Split Dove Season To Open Sept. 15

During a regular meeting of the Game Commission in Richmond, Virginia on July 13, 1973 the Commissioners approved a 5plit dove season for sportsmen beginning September 15 and running through November 10, 1973. The second phase of the season was set for opening on December 22, 1973 through January 3, 1974. During each of the two parts of the season the hours are from 12 noon each day until sunset. Bag limit was set at twelve birds per day. The Commission also set the following seasons: **CLAPPER** and **SORA RAILS** from September 8, 1973 through November 16, 1973 with a bag limit per day of 15 clapper rails and king rails counted together plus 25 sora rails. Hunting hours are from one-half hour before sunrise until sunset. **WOODCOCK** from October 15, 1973 through December 18, 1973 with a bag limit of 8 birds per day and hunting hours from one-half hour prior to sunrise until sunset. **SEA DUCKS** (Eider, Old-Squaw, Scoter) opening September 1, and closing the last day of the waterfowl season. Bag limit for the Sea Ducks is 7 birds per day. Between September 1 and the opening of the regular waterfowl season, the hunting of Sea Ducks will be restricted to certain designated waters.

DRAFT EVADER PLAN

The armed forces have opposed a Justice Department proposal to save draft evaders from jail by allowing them to join the services, Administration officials report.

Need Encouragement 352-7900

affidavits from military associates who witnessed the disability, and from military doctors and hospitals treating the veteran. A VA medical examination would establish extent of the disability.

VIRGINIA: IN THE CIRCUIT COURT FOR THE COUNTY OF APPOMATTOX

V. PETITION

THE TOWN OF APPOMATTOX

TO THE HONORABLE JUDGE GEORGE F. ABBITT, JR. JUDGE OF THE SAID COURT:

Comes now petitioner, by counsel, and represents unto the Court as follows:

1. That the County of Appomattox is constructing and locating the new Appomattox High School Building and appurtenant facilities adjacent and contiguous to the southern limits of the Town of Appomattox. The High School and its facilities will occupy 31.71 acres and will front on State Route Number 727 and State Route Number 1002 (Evergreen Avenue) and the metes and bounds and area thereof is more fully described on a plat of survey by Ralph P. Hines, C.L.S.,dated November 4, 1965 and recorded in the Clerk's Office of this Court on May 13, 1966 and recorded in Deed Book 86, at page 432. A copy of said plat is attached hereto and made a part hereof as marked "Exhibit "A".

2. That the area encompassed in Exhibit "A" was formerly used for agricultural purposes, and contains dwellings in the area shown as Exhibit "A" and the area was suitable for residential purposes.

3. That due to the proximity of the area shown on Exhibit "A" to the Town of Appomattox and the available water, sewer and fire protection facilities, it was chosen by Appomattox County for the high school site.

4. That in the event of annexation of the area shown in Exhibit "A", the County of Appomattox will not lose a source of taxable real estate or buildings and the revenue derived the County of Appomattox by the Town of Appomattox for water and sewer services will be less.

5. That in the event of annexation of the area shown in Exhibit "A", the Town of Appomattox will not incur substantial expenses not already approved and accepted by the governing body of the Town of Appomattox.

6. That the Town of Appomattox is providing the high school site shown in Exhibit "A" with water and sewer services from existing Town sources.

7. That existing fire, police and ambulance services will continue in the area shown in Exhibit "A" with the exception of a change from County Sheriff to Town Police patrol responsibility of the high school grounds.

8. That the School Board of Appomattox County concurs in the annexation of the high school site into the Town of Appomattox.

9. That the annual insurance premium paid by the said School Board for fire and related insurance protection on the high school building and grounds will be reduced by $1,200.00 per year upon annexation of the area shown in Exhibit "A" into the Town of Appomattox.

10. That the proposed annexation of the area shown in Exhibit "A" by the Town of Appomattox is desirable and will not be detrimental to any citizen or company in the Town of Appomattox or the County of Appomattox.

John C. Cole
Otho W. Martin, Jr.
O. H. Tolley, Sr.
Member of the Board of Supervisors of the County of Appomattox, Virginia.

Counsel

Legal Notice

VIRGINIA: IN THE CIRCUIT COURT FOR THE COUNTY OF APPOMATTOX
COUNTY OF APPOMATTOX Va
PETITION
THE TOWN OF APPOMAT TOX
TO THE HONORABLE JUDGE GEORGE F. ABBITT, JR. JUDGE OF THE SAID COURT:

IN THE CIRCUIT COURT FOR THE COUNTY OF APPOMATTOX

Comes now petitioner, by Counsel, and represents unto the Court as follows:

1. That Thomasville Furniture Industries, Inc. is constructing and locating a furniture plant adjacent and contiguous to the Western limits of the Town of Appomattox. The plant and facilities will occupy a tract of land of approximately 100 acres on United States Route Number 460 and the metes and bounds and area thereof is more fully described on a plat of survey by Ralph P. Hines dated June 15, 1972 and attached hereto and marked Exhibit "A".

2. That the majority of the area encompassed in Exhibit "A" was formerly open land used for farming and cattle grazing and otherwise vacant except for two small lots which were occupied by a drive-in restaurant and the other lot which was owned by a national oil company. The area is bordered by a dual lane United States highway, a main railroad line and other commercial and business property. It appears that the area is especially suitable for commercial or industrial use.

3. That during the negotiation between the County of Appomattox, the Town of Appomattox and Thomasville Furniture Industries, Inc., preceding the location of the furniture plant in Appomattox County, the County and Town agreed to zone the area shown in Exhibit "A". There is currently no zoning regulations or laws in effect in the County of Appomattox and efforts toward such a zoning ordinance have been unsuccessful and it appears that no zoning ordinance or regulations will be enacted by the county governing body in the near future.

4. That the Town of Appomattox has in effect a Zoning Ordinance and the County of Appomattox and Town of Appomattox desire to extend zoning to the area encompassed in Exhibit "A" and now owned by Thomasville Furniture Industries, Inc. pursuant to the aforementioned agreement.

5. That the County of Appomattox will suffer no loss of taxable real estate or improvements in the annexation by the Town of Appomattox of the area shown in Exhibit "A". The County of Appomattox is not seeking compensation from any source for the area shown in Exhibit "A".

6. That the Town of Appomattox will gain additional taxable real estate and improvements and will not incur substantial expenses in acquiring the area shown in Exhibit "A". The Town of Appomattox has agreed, prior to the location of the furniture plant in Appomattox County, to extend water and sewer lines from existing Town lines to the plant site and acquisition of easements and construction of water and sewer lines are presently in progress.

7. That the County of Appomattox will continue to supply the plant site with police protection from the Appomattox County Sheriff's Department and existing fire and ambulance services will continue without change in the event of annexation of the area shown in Exhibit "A".

8. That certain access roads to the plant site from the Town of Appomattox will be necessary and such roads would have to be constructed at the sole expense of the County of Appomattox unless the plant site were in the limits of the Town of Appomattox. In the event of annexation of the area shown in Exhibit "A", the Town through certain existing laws and agreements can transfer the expense of constructing such access roads to the Virginia Department of Highways.

9. That Thomasville Furniture Industries, Inc. agrees and consents to the annexation by the Town of Appomattox of its real property shown in Exhibit "A" and no other individual or corporation owns any portion or interest in the area to be annexed except Thomasville Furniture Industries, Inc., its subsidiaries and parent company and the stockholders of those corporations.

10.
